

# The Portal Radiance Multi-Strategy Fund

Monthly Report

122 Mary Street | Grand Cayman KY1-1001 | Cayman Islands | markwitten@akj.com

January 2023

## Fund Summary

The Fund seeks to generate superior risk-adjusted returns for investors by aiming to mitigate traditionally high volatility and the various custody and counterparty risks associated with investing directly in Crypto Assets. The Sub Manager believes that the impact of DeFi, NFTs, and on-chain smart contracts is being underestimated in the Crypto Asset space. This results in certain industries facing rapid structural decline whilst new, previously unimagined industries are being created that have potential for rapid scaling and profitability.

The Fund takes the view that long-term macro market level themes dominate micro level themes. Accordingly, the Fund follows a multi-disciplinary approach in order to identify both dominant macro themes in the Crypto Asset space, as well as the most promising Crypto Assets within those themes.
